

Tuesday's Market Commentary April 21, 2009

70 Percent of Commentary Picks are "In the Money"

WMG up 126% in 2 months. 2009 Picks are up 21% Year-to-Date.

Our Tuesday Market Commentary continues to shine during one of the worse markets in history. Our solid disciplined approach continues forward as the economy weakens.

All three portfolios are in the money year to date, out distancing their peer indices by wide spreads.

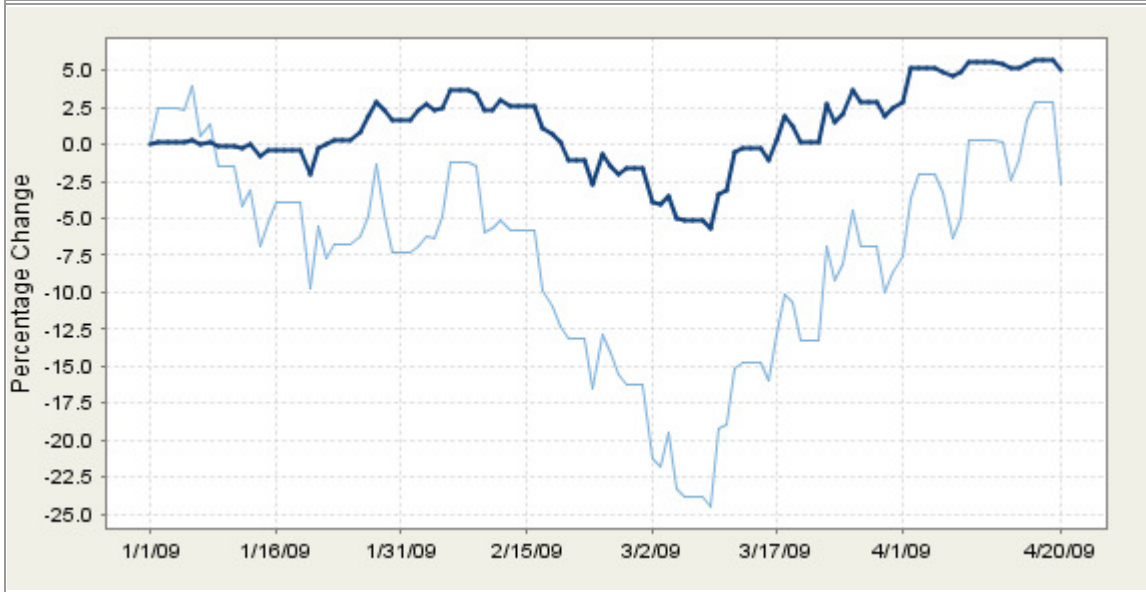

Below are the Year to date portfolio performance charts along with the Tuesday Market Commentary picks for 2009!
